

How to complain

We hope that we can sort out most problems quickly and easily, often informally at the time they occur and with the person concerned.

If you wish to complain formally, please do so as soon as possible after the event. Please give as much detail as you can, including the names of any staff involved.

You can make your complaint in any of the following ways. The way you contact us will not affect our response to you.

Letter

To the Practice Manager, Chew Medical Practice, Chew Lane, Chew Stoke
BS40 8UE

Email

BSCCG.receptionchew@nhs.net

Phone

01275 332420 – select options for Administration, then Practice Manager

Online

Fill in the comment and suggestion form, from the contact details page on our website www.chewmedicalpractice.co.uk

In person

It may be possible to speak to the Practice Manager without an appointment, but this can never be guaranteed.

Complaint form

Please ask at Reception for a complaint form, or download one from our website.

Complaining on behalf of someone else

If you are complaining on behalf of another person, you must have their permission to do so, to protect their medical confidentiality. This must either be a signed note of consent, or a legal authority such as power of attorney.

A parent or guardian may complain on behalf of a child under 16 provided the child is not capable of making the complaint for themselves, or has given their consent in writing.

Ask at Reception for a consent form, or download it from our website under Comments and Complaints.

Our response to you

You will receive an acknowledgement from us within 3 working days of your complaint being received at the practice, either by phone or in writing.

We aim to respond fully to all complaints within 10 working days. If this is not possible, we will explain why, and tell you when you can expect a response. We will also make sure you know how to access independent support, if you need it.

During the investigation of the complaint, we will make sure that we understand the circumstances of the incident; we will discuss the problem with other people who were involved; we will learn from the incident and take steps to prevent any problem from arising again.

You will receive a final letter setting out the result of our investigation. This will include an apology if appropriate, and will tell you what we intend to improve as a result. If we do not feel that your complaint was justified, we will explain why. It will also include details of how to take your complaint further if you are not satisfied with our response.

Advice and support from NHS Bath and North East Somerset

If you are not sure how to complain, you can contact the Patient Advice and Liaison Service (PALS). They offer practical help and can put you in touch with the Independent Complaints Advocacy Service, who can support you through the complaint procedure.

Chew Medical Practice is funded to provide GP services by NHS England. If you wish to complain to them about the service you have received here, you should address your complaint to:
